

FROM OUR ANONIMOUS SURVEYS...

SustANGE Winter School 2025

An inspiring and enriching experience, combining expert-led discussions on sustainability and law with hands-on activities and cultural exchanges. The program provided a unique platform for learning, networking, and exploring real-world challenges related to climate change and resource access. It was a truly transformative experience that empowered participants to contribute to global sustainability efforts.

The teaching was amazing, very interesting insights on sustainability, we touched every angle of it and I acquired different perspectives!

The program is a great balance between lectures, cultural activities and free time. This means that you also have time to explore the city and nightlife of Trento. (Tuesdays are for karaoke!) Come to Trento and see for yourself how fun this program can be :)

A perfect mix of deep talks, cool workshops, and awesome trips

The experience was amazing, I loved the lectures and Trento is an amazing city for students, really safe and you can do everything by walking.

A perfect opportunity to meet Italian culture, people and environment. Definitely worth going!

We really got to know each other and yet we have to leave. It was the perfect student and cultural experience, a lot of school, but a really nice vibe.

Top-tier academic training, breath-taking natural scenery, and meaningful friendships. Trento is a peaceful and welcoming city, where rich culture, delicious food, and stunning landscapes come together to create an unforgettable experience. Whether you seek intellectual growth or moments of quiet inspiration, this is the perfect place to immerse yourself.

My experience at UniTrento was truly memorable. The event was well-organized, intellectually stimulating, and provided a warm, welcoming atmosphere. I appreciated the opportunity to connect with diverse participants and engage in meaningful discussions. UniTrento's stunning environment and commitment to excellence made this experience enriching and inspiring—a moment I will always cherish.

D2H-AI SUMMER 2024

I'm so glad I attended a summer program at UniTrento - I learned a lot and made friends along the way! Northern Italy is beautiful, so I enjoyed travelling around my studies.

That was an amazing experience which I can recommend to anyone! Well-balanced program, not only connected to learning but to additional activities in the region as well :)

It was very interesting because of different backgrounds of participants which allowed to have completely different perspectives on the problems and challenges.

Recommended for those who want to enjoy the best summer. There is no other place where you can engage in deep discussions with brilliant students from around the world while surrounded by beautiful mountains and delicious cuisine.

The tours and excursions were also amazing and gave me a great taste of what Trentino and Italy are about.

An exceptional experience that highlighted the university's commitment to academic excellence and community engagement. The diverse range of activities and insightful presentations provided valuable learning opportunities and fostered a vibrant atmosphere of collaboration.

It was inspiring to see students, faculty, and industry experts come together to share knowledge and innovative ideas.

This is my first time attending a summer school in Europe. At first, I was worried that I wouldn't be able to integrate quickly, but the organizers and supporters, Sofia and Janat, helped me very enthusiastically.

MIPOCHANGE SUMMER 2024

The professors were ready to answer every question that might pop up and to adjust their lectures accordingly.

It has been amazing to have lectures given by professors who are experts in the field and who are so open to question and curiosity.

It was interactive, student friendly and great approach of learning.

Such an incredible summer school that was so well planned and thought out. Attention to detail was given in every aspect of the summer school.

I gave me a new path of my life and the lessons were so useful for me because I am connected to migration problems. Moreover, I am so grateful for the coordinators and others there are so helpful from the beginning to till now.

Academically strong and rich with knowledge covered very effectively during a short span of time.

I had a fabulous experience overall. I made friendly bonds with teachers, coordinators and students.

I really appreciate your good work and positive energy.

I really enjoyed the Summer School: great people, interesting academic programm, beautiful nature, fun activities and perfect organisation by the University of Trento!

Attending the recent event at UniTrento was an enlightening experience, showcasing the university's dedication to addressing contemporary migration issues through a multifaceted lens. The series of lectures by international and local experts provided profound insights into critical topics such as the Emerging Migration State, the International Refugee Regime, and Integration and Labor Market Participation.

Workshops and group activities on Migration, Diversity, and Urban Life fostered a collaborative learning environment, allowing participants to delve into ethnographic studies, fieldwork experiences in Asian

migrations, and research design in migration studies. Additionally, discussions on gendered inclusion strategies and homing processes enriched our understanding of the complexities and nuances in migration phenomena. Apart from that, the people who coordinated the program were so helpful and supportive from the beginning to till now.

The event was not just academic but also culturally immersive, with visits to main local cultural institutions and events, offering a holistic educational experience. UniTrento has undoubtedly provided a platform for comprehensive learning and critical discourse, significantly contributing to the academic and practical understanding of migration issues.

DECOLHERI WINTER 2024

If you have a chance to participate in any UniTrento activities don't hesitate, do it!!!

It was such a big pleasure to know UniTrento and meet friends from different cultures!

The city, the university, and the environment were perfect for studying

Searching for lost cultures which were around us the whole time in museums, music and people was incredible.

Attending DecolHeri Winter school at UniTrento was a transformative experience. It provided a vital platform for engaging in critical dialogue, challenging traditional perspectives, and exploring innovative approaches to understanding and preserving cultural heritage. The diverse range of topics covered and the dynamic exchange of ideas amongst participants truly underscored the importance of decolonising heritage practices in creating more inclusive and equitable narratives for future generations

The DecolHeri course at Trento University was an incredible experience. I got to learn more about a variety of topics in the heart of the Dolomites. What an incredible experience!

The winter school in the University of Trento is a great opportunity for anyone looking to learn, be exposed to new and interesting points of view, and meet great people from all over the world.

It was the best two weeks in Italy, where I made many friends, had unforgettable experiences and impressions. I fell in love with these landscapes and the city. The school was interesting and incredibly impressive. Thank you, Uni Trento, for this opportunity!!!

I think I have a great time here in winter school. I like the Mountain View, colorful city buildings with exquisite decorations, fresh air and good weather here! The university facilities are great and canteen food is healthy! Also I like the social events here, excursions and concerts especially! And also I really enjoy the pastries and espresso! I hope have more international students here and feel the different cultures. because for me that's more important than the lectures itself!

I really enjoy excursions to Lusern

The Winter School "DecolHeri" was a perfect opportunity to discover really important and discussed topics. It enriched me both from the academic and the personal point of view, since I had the privilege to meet wonderful people from all around the world.

Loved the interaction, the learning, the discussions, the aperitivos, and the meals at the canteen with students from all over the world, so enriching!

Especially the discussions and talks that came up in between, e.g. in the canteen, were very enriching and fulfilling the goal of international exchange.

As if it message for future students i just want to say that you will never regret your decision to come to Trento, because the weather (so important) is good, lectures are interesting, university workers are very sweet (i'm in love with one lovely lady from canteen ❤️) and open-minded, so just sign in without any doubts!

UniTrento offers the best short term programs

Bring the world together

It was amazing!

UniTrento Winter School was wonderful! A lot of new experiences, a lot of new sensations, a lot of new acquaintances and a lot of new knowledge as a student for a Computer Science field! If you want to broaden your horizons with some new experiences, you should go there and be the part of the UniTrento School!

It was a great time together. Now I have friends all around the world. The professors, the staff and the students are wonderful. Thanks for this opportunity!

PSYHUMAN 2023 SUMMER SCHOOL

The topics covered included aspects that I had never considered before, and even had me audibly saying "wow". It has definitely expanded my knowledge of the area, and made me realise just how huge the area itself is as well!

Best decision ever

I experienced so many different cultures in the 2 weeks I spent here, learned so many different things and shared so many things from my background. Rovereto was so beautiful and soothing the whole process eye opening and something i will cherish forever. I recommend it 10/10. ❤️

I'm so grateful for the whole experience! Like a short Semester abroad!!

AN amazing experience to meet new people, cultures, learn, have fun and grow as a human being!

Amazing opportunity to learn and meet international students in the wonderful city of Rovereto.

The PsyHuman 2023 summer school has been amazing. I have made many friends for life. The town of Rovereto is beautiful.

The psychological humanities summer school is an absolutely legendary experience - you get to bond with amazing people with shared interests from all over the world in the most beautiful setting possible: the little picturesque town of Rovereto. You get to meet incredibly cool professors from all over the world, build a network for possible PhD-studies and share deeply emotional moments. You will get friends for life and an unforgettable experience!!

Exceptional experience! Wonderful organization, and super friendly people! The program was very insightful and interesting. Rovereto is a wonderful place to visit!

Trentino region turned out to be the best place to spend for studying, learning more about different and interesting field of PsyHuman studies and meeting wonderful people and seeing beautiful sights and concerts!

I discovered so much about myself, the human mind, and our society. I could come back 100x and still not be tired of this magical place!

"This summer school was definitely one of the best experiences of my life. I'm so grateful of the amazing people I meet, the teachers, the knowledge I gained and the delicious food and landscapes. Rovereto has a piece of my heart "

If you want to meet diverse people from all over the world while studying at a beautiful university, you should definitely apply to the Programm. I've learned a lot about various topics and about myself: connecting to others and learning as much as possible about different perspectives is one of the most important things in the world we are living in.

ARTCO WINTER SCHOOL 2023

Inspiring and innovative

Amazing experience

I had an amazing time in trento and learned so much about arms control. I met some really interesting people and the lecturers were so friendly!

The Winter school was great, if you want a mix of interesting lectures, great excursion and good food i would decently recommend you a winter/summer school at the university of trento!

I really enjoyed this experience. The knowledge we were provided was very pertinent and very in-depth. I enjoyed the lecturers and speakers who came during this winter school. Michele was great also.

The ArTCO winter school offered a great experience wherein we study this specific subject through the lens of multiple fields of academia!

From legal regulations to the impact of firearms on communities and the environment, I was able to gain a deeper understanding of the issues at hand and the possible solutions. The lectures, discussions, and hands-on activities kept me engaged and inspired throughout the entire program.

I am grateful to have had the chance to attend this winter school and to be part of such a vibrant community of students and scholars. My appreciation goes out to the organizers, instructors, and everyone involved in making this a truly unforgettable experience.

Interesting exercise and learning experience on how arms control is facilitated on a European and global level. Good introduction to international law for also non-law students.

The Winter School was a wonderful experience that helped deepen my understanding on Arms Transfers and Control in the EU. A topic that I did not have much prior knowledge on, but I found engaging and interesting to learn about.

I had a great experience and learned a lot during the winter school. The lecturers were all experts in the field and deepened both my academical and practical knowledge. It was an intense winter school but they still kept us really active and tried to keep the work-life balance well. I will definitely recommend it to anyone interested in the field!

The ArTCO Winter School at UniTrento was a wonderful experience. The course was informative and all speakers were highly knowledgeable about their areas of expertise. Additionally, the coordinators arranged exciting activities for us throughout the two weeks. It was great to connect with other students from around the world. I am really grateful to have participated in this Winter school.

Very grateful to have participated in the ArTCO Winter School and had the opportunity to engage with leading experts in the field of arms trade and control. The whole experience stimulated some thought-provoking ideas and remarks while enjoying the lovely Northern Italy with international friends.

PHYSICS OF THE CELL WINTER SCHOOL 2023

A great place to deepen my physics knowledge and meet like-minded people!

I made special memories in Italy. If you interested in the MD simulation, it will be a great helpful experience for you to get base knowledge for that. Beautiful quite city, thoughtful administrators and collaborators are waiting for you.

A great experience I will never forget it will remain etched in my memory thank you for the warm welcome

A great opportunity to learn about this interesting topic while easing into life in both the quaint town of Trento and northern Italy. We got to meet many Italian students as well as get to know our winter schoolmates very well. I've made friends from all over the world from Algeria to China, and really that is the greatest extension of the mind.

This experience was wonderful. It was the perfect opportunity to learn about the interdisciplinary nature of the sciences and doing so with a diverse group of people. As a Computer Science student I got to see how my skills could be applicable to different Biophysics research topics. I have a new found interest in this field and I hope to explore it further as I continue my studies.

Also got to do lots of fun things like skiing, hiking, and many many nights out. Everyone was super friendly and I have definitely made lifelong friendships.

PSYHUMAN SUMMER SCHOOL 2022

It was a great opportunity to meet new international students, learn and change the perspective of so many things :)

Great opportunity to learn new things, experience Italy and make new friends from all over the world. Would recommend this programme to everyone!

I was a little bit anxious about acceptance and support in terms of social interaction and being understood but it was amazing to see that the program turned out interesting and inclusive. In my opinion, everyone got the attention needed to get settled and thrive. The program is full of great content for academic and career development and the lecturers are so insightful and speak good English.

It was an Unforgettable experience. I appreciate everything I learned and will forever treasure the friendships I made

Met some amazing people that I know I will have in my life forever and also learnt the basics of a discipline that I had never heard of before, a discipline that can have a true impact in the way we understand health and medicine.

I had never had a studying experience abroad. And the opportunities that my home university as well as UniTento offered me were of much importance to my academic growth. I believe that all the love that we felt coming from the department was essential for our welcoming and for us to feel at home (even if just for a short period). Would recommend the course to all of those who are keen on new experiences and UniTento is just the place for that

Rovereto is a tiny beautiful village from where you can visit a lot of places. In the heart of the city is the University located. A beautiful old building. The PsyHuman Summer School opens your mind to new people, cultures and lectures.

I challenged myself by applying to the PsyHuman programme. I was scared to study in a new country and meet new people. But I surprised myself how much I loved it. I learned so much about narrative medicine and myself.

International, interdisciplinary, integrated experience! Meet interesting people and expand your horizons with such a multifaceted program

The summer school was a fantastic opportunity to share ideas with people from all over the world, and to make some friends for life along the way!

I had a really great time at PsyHuman meeting new people and learning so much about narrative medicine and psychological humanities. I am now considering doing further studies in this area. Thank you

Experience of a lifetime

"I'm a "hardcore" introvert and I thought I challenge myself. In the end I don't regret anything, since everyone (!), including students and staff, were so kind. Whenever I "retreated" to fill up my social battery everyone accepted it and I felt very welcomed every time.

(Also Italian tend to feed you toooooo much food, you'll never be hungry and the food is to die for) "

An excellent course with a humanitarian and literacy based approach to cognitive science which will allow you to meet new amazing people from all over the world whilst expanding your knowledge on numerous areas.

So glad I came! Worth putting yourself out there for the knowledge, people, experiences and gorgeous location!

Very enriching!

Unexpectedly rich and wholesome

I met so many wonderful inspirational people and I am really grateful for this experience. The Summer School created such an intersectional, intercultural environment and gave me the opportunity to look outside my field and learn so much.

While attending this program I discovered an inspiring, welcoming and fully immerse atmosphere where I met so many incredible people.

It was such an amazing experience! I met a lot of great people, and the lectures were so interesting and I always considered intersectional aspects. The discussions from the seminars and workshops were engaging and I learnt so much, from different approaches to personal experiences from different countries.

GENDER EQUALITY IN TIMES OF POPULISM AND SOVEREIGNISM (GETPOS Winter School 2022)

Students from all over the world come together and learn from each other. This is just perfect to me. Especially after a pandemic it was so special to feel community and spirit.

UniTrento winter school has a good balance of experiential activities and courses, its academic ability ensures that everyone can find their own interests in the course, and the Trento is located in the mountains of the Dolomites, the scenery is beautiful, and it is worth it anyway go to.

The experience in UniTrento was very tremendous. It was great possibility to get to know people across the world, known Italian culture, visit few places in Italy and mostly to get deeper comprehension about the winter school's topic. I would like to thank all of the coordinators for the great time in Trento!

Overall a great experience to meet people from aboard and get a little more knowledge on topics you are academically or personally interested in!

Thank you so so much for the opportunity! The program was perfect, I learned a lot, had fun and got to meet great people. Once again thank you so much for everything.

It was awesome experience! I am so happy to be part of it!

SURVEY AND SAMPLING METHODS (SUSAM School 2022)

SuSaM winter school was a deeply enriching opportunity, in which you learn a lot of theoretical and practical skills.

This was an amazing experience, not only from an academic and professional point of view, but also it was a great opportunity to get to know different people and share this moments with them.

Amazing Italian hospitality. Perfect quality of everything. Warm and open people.

Winter School in UniTrento has been one of my favourite experiences during my studies so far.

The Winter School time in at Uni Trento was the best start in the I could have had. I learned at lot in a professional way, but also made great new friends. I would do it all over again!

Hello. I'm Sebastián Navarrete and I was attending to SuSam Winter School. The experience was really good for improve my skills in statistics and gave me tools to develop more efficient social research. Also, the outside activities were amazing to improve soft skills and enhance the relationship with international students. I really recommend this instance. :)
