Among the several choices to consider, you can have a look at Aon Complete Formula which also covers accidents outside academic activities. During all activities organized by UniTrento you are covered by UniTrento accident insurance (only in case of hospitalization due to an accident) and by third party liability (in case of damages you may cause to third parties). Please notice that these are not personal health insurance policies!</p>

The Verona-Catullo airport is the closest airport to Trento (20 minutes by shuttle + 1 hour by train), but there are also airports in Milan, Bergamo and Venice. All details and shuttle connections to the closest train station can be found on the webpage How to arrive to Trento. Alternatively, FLIXBUS is a cheap way of travelling from the main airports to Trento also during the night. If you come by car the highway is the A22 Brennero-Modena and the closest exit to the city center is Trento sud (South) or Trento nord (North), depending on which direction you are coming from.</p>
