- I had never had a studying experience abroad. And the opportunities that my home university as well as UniTento offered me were of much importance to my academic growth. I believe that all the love that we felt coming from the department was essential for our welcoming and for us to feel at home (even if just for a short period). Would recommend the course to all of those who are keen on new experiences and UniTento is just the place for that Rovereto is a tiny beautiful village from where you can visit a lot of places. Whenever I "retreated" to fill up my social battery everyone accepted it and I felt very welcomed every time. (Also Italian tend to feed you toooooo much food, you'll never be hungry and the food is to die for) "
