SLICE Summer School 2025

Amazing people, professors, food and city

It was a wholesome experience, learning while making new friends. I am taking lots of memories and a new viewpoint on culture from this summer school.

This experience truly transformed my life. I appreciate how everyone is incredibly kind and supportive. Now, let's begin—Università di Trento is ready to welcome you!

This experience was very educational and changed my life!

The journey was so international and the best part was making connections.

SLICE program was a gateway to explore my horizons on intercultural and interlinguistic competence. It felt like a mecca where people from other parts of the world came together to share their experiences, their knowledge and take something more meaningful and long-lasting with them.

The SLICE program was such an interesting program and the greatest opportunity. The program is all about linguistic and cultural encounters, which goes not only for the lectures and academic experiences but for the people I have met and the memories I've created. It was a one of a kind experience!

It was a wonderful experience that we can meet students from all around the world who are all interested in Linguistics and culture. I made really good friends through the program and the lectures helped me a lot for my term paper or thesis idea. That was very helpful for my future goal of working in academia. We celebrated our diversity and did cultural exchange activities such as the potluck dinner at the park. The excursion was so much fun that we got to visit the amazing landscapes in the Trentino region.

This course has been a lovely way to meet new people from all over the world. It has allowed us to form connections even though it has only been two weeks. And everyone has been so friendly, and there have been many offers for personal tours through each home city/town. Overall a fantastic and insightful experience! :)

The summer school is an awesome experience and Trento is such a beautiful, calm city with a lot to see!

Overall it was one of the greatest experiences of my life and I'm glad to have taken part in the SLICE program.

This experience was nothing but excellent.

These two weeks were incredible in terms of gaining both academic and tourist experience. I had the pleasure of coming into contact with other cultures and deepening my linguistic knowledge. The city of Trento is beautiful and very pleasant.

Overall, it was a great experience with great teachers and a good organization. I am very happy to have participated in all of this!

If you want a close capture look in Italy, it's beauty and also deep you academic interests, summer school from UniTrento is perfect for it: to have good lectures and workshops, know new cultures and make friends from all over the world is such a nice way to enjoy vacation!

Participating in the UniTrento Summer School was a truly unforgettable experience.

It was much more than just an academic programme it was an opportunity to learn, connect, and grow in a multicultural environment that valued both knowledge and human connection. The lectures and workshops were insightful and thought-provoking, while the excursions and social moments allowed us to bond and discover the richness of Trentino and each other's cultures.

It is a great place to start international journey

The SLICE Summer School considerably helped me finding my academic vocation. It made my aspirations clearer among a wonderful group of other students. As a city, Trento is beautiful and very liveable. It is a peaceful environment to study and thrive. The variety of activities organised during the programme made it very interactive and interesting to bring us students closer while discovering our new home, Trento.

If you are questioning yourself if you should come to Trento for a summer/winter school: JUST DO IT. It was such an amazing and enriching of spending my summer, getting to share with people from all over the world and immersing in the local culture and academics. Don't miss the opportunity!

This program is one of the better. The school, the city, the accommodation, the food. Everything in this place is awesome and be really safe here.
