

CELL and MISOCCHANGE Winter schools 2026 – Arrival Info Kit

When and Where	Both Winter schools start in Trento at the School of Innovation, on Monday morning, 12 January, and will finish on Friday afternoon, 23 January 2026. For further details check the dedicated webpage for each school.
Admission process and visa (if needed)	Once you are admitted to one of the above schools, we will inform you and the international office of your home Institution (contact provided by you in the application tool). In case you are within the frame of an Erasmus+ short term mobility for BIP (Blended Intensive Program), we will provide details about the needed process. If a visa is needed, we will send you an invitation letter. Check whether a visa is needed by selecting your nationality, country of residence, “up to 90 days” and “tourism” options. If you need a visa, please immediately send us the complete name and address of the Italian Embassy/General Consulate in your country where you will go to apply for the visa.
Insurance Coverage	Make sure you have health insurance coverage valid in Italy for the entire period of your stay. If you live in the EU and you have a valid European Health Insurance Card, please refer to this webpage. Otherwise, you will need to buy a private health insurance policy, which covers emergencies and guarantees your return to your country in case of serious health problems. Among the several choices to consider, you can have a look at Aon Complete Formula which also covers accidents outside academic activities. During all activities organized by UniTrento you are covered by UniTrento accident insurance (only in case of hospitalization due to an accident) and by third party liability (in case of damages you may cause to third parties). Please notice that these are not personal health insurance policies!
Travel Plans	You are required to pay for and organize all travel from your place of residence to Trento and back on your own. There is not a designated student pick-up service in Trento. The Verona-Catullo airport is the closest airport to Trento (20 minutes by shuttle + 1 hour by train), but there are also airports in Milan, Bergamo and Venice. All details and shuttle connections to the closest train station can be found on the webpage How to arrive to Trento. Alternatively, FLIXBUS is a cheap way of travelling from the main airports to Trento also during the night. If you come by car the highway is the A22 Brennero-Modena and the closest exit to the city center is Trento sud (South) or Trento nord (North), depending on which direction you are coming from.

IT UniTrento full user credentials for Wi-Fi	A couple of weeks before the school starts, after your official enrollment at UniTrento, you will receive an e-mail from the University with the subject: "UniTrento: how to activate your definitive account". This is a very important e-mail so please check in the Spam box as well in case you did not receive it. The e-mail explains how to turn your "guest" profile into a "UniTrento" profile, which is necessary to access the Internet and all ICT services on campus. In order to receive your UniTrento account, you have to go to the section "MyUniTn" in the upper right-hand corner of UniTrento HP and sign in using your provisional account that is included in the e-mail (name.surname@guest.unitn.it) and follow the instructions given in the e-mail. In case of problems, please write to account.help@unitn.it Once you complete this procedure, your guest account will be disabled and you will be a full-fledged UniTn user through which you will be able to use Wi-Fi UNITN-X or EDURAM. If you do not remember your password, a "UniTrento password recovery service" is available that only requires your personal email address. Please notice that you are NOT asked to activate the unitn mailbox which requires several steps and you do not need it.
ECTS Credits	At the end of the school, all participants will receive an Attendance Certificate. In order to receive an official UniTrento Transcript of Records with 6 ECTS, external international students have to attend the scheduled online follow-up online. No assessment nor evaluation mark is provided.
