

IEEE AP Distinguished Lecturers Workshop @ UniTN

From fundamental theory to emerging applications in **Antennas and Propagation**

The IEEE Antennas and Propagation Society Distinguished Lecturer (DL) Day at the University of Trento brings together internationally recognized experts to present cutting-edge research and emerging trends in antennas, propagation, and electromagnetic technologies. Organized within the **IEEE AP-S Distinguished Lecturer Program**, the event offers the local and regional scientific and industrial communities a unique opportunity to engage with leading scientists, foster technical exchange, and strengthen collaboration across academia and industry. The lectures will be freely accessible to all interested participants, in line with the Society's mission to promote knowledge dissemination and professional development worldwide

Distinguished Lecturers

Dr. **TOSO Giovanni** (ESA, The Netherlands), IEEE Fellow
Prof. **SHARMA Satish** (San Diego State Univ., USA), IEEE Fellow
Prof. **SEVGİ Levent** (Istanbul Okan Univ., Turkey), IEEE Fellow
Prof. **OZGUN Ozlem** (Ankara Hacettepe Univ., Turkey), IEEE SM

Date: January 28th, 2026

Time: 09:00-13:00

Location: onsite in Room B107, Polo Scientifico e Tecnologico Fabio Ferrari, Via Sommarive, 9, University of Trento, Trento; and online (**Zoom**) at

Contact:

Prof. OLIVERI Giacomo
(giacomo.oliveri@unitn.it)
