WOMEN IN INTERNATIONAL AFFAIRS

March 2026

SCHOOL OF INTERNATIONAL STUDIES | Palazzo Prodi, Via T. Gar 14, Trento
COMUNE DI TRENTO | Palazzo Geremia, Via R. Belenzani 20, Trento

To mark International Women's Day, established by the United Nations in 1975, the School of International Studies is hosting a series of events focused on the role of women in global affairs. The programme brings together scholars and practitioners for open discussion and exchange. It offers a space to reflect on leadership, current challenges, and future perspectives in the international arena.

The initiative is organised under the Memorandum of Understanding between the Municipality of Trento and the University of Trento, with the support of the Provincial Commission for Equal Opportunities between Women and Men. The series consists of three events, open to students and to the wider public.
