Join us

to deepen your understanding of the European Green Deal's
strategies for climate neutrality and ecosystem restoration.

This talk will explore the European Green Deal's aim to make the EU climate-neutral by 2050. We'll cover progress in reducing emissions, the need for increased carbon removals, and key initiatives like the Nature Restoration Law, planting 3 billion trees by 2030, and deforestation-free product regulations to combat climate change and protect ecosystems.

MODERATOR: **Tiziana Faitini**

This webinar is one of several initiatives carried out by **GrACE – Green Europe: Active Citizenship and the Environment**, an international teacher training programme led by the University of Trento. It aims to provide educators with comprehensive knowledge of environmental issues and the EU's strategies for tackling the climate crisis, along with innovative methods for teaching about green issues.

Participants with minimum 75% of attendance during the session will receive an official Certificate of Attendance issued by the University of Trento/JM Centre upon request.
